Bo (October 9, 2008 – May 8, 2021) was a pet dog of the Obama family, the first family of the United States from 2009 until 2017. President Barack Obama and his family were given the male Portuguese Water Dog as a gift after months of speculation about the breed and identity of their future pet. The final choice was made in part because elder daughter Malia's allergies dictated a need for a ...

## **Bo (dog) - Wikipedia**

The dog days or dog days of summer are the hot, sultry days of summer. They were historically the period following the heliacal rising of the star system Sirius (known colloquially as the "Dog Star"), which Hellenistic astrology connected with heat, drought, sudden thunderstorms, lethargy, fever, mad dogs, and bad luck. They are now taken to be the hottest, most uncomfortable part of summer in ...

A study released in July 2015 shows that lanosterol, a natural chemical produced in our bodies, can effectively uncloud cataracts. To date, there have been no medicines known to cure cataracts, and as such, a surgical procedure to remove the opacified lens and replace it with an artificial lens has been the only available option to correct the problem.
