Genshin Impact's payout for all of that climbing, rotating, and jumping to unravel the Three Divine Birds puzzle is a set of treasure chests and a Geoculus waiting for you. Just be careful when looting the chests since items have the potential to bounce and actually fall off of the small island.

Genshin Impact: Three Divine Birds Puzzle Guide

Michigan is one of the best states in America for bird watching, boasting over 450 species. The state is home to the largest population of bald eagles east of the Mississippi River and numerous other spectacular species such as woodpeckers, owls and herons.Thousands of species migrate through our state every year on their way from Canada down into Mexico or up into Alaska.

Birds of Michigan - The Bird Guide

The dive-bombing tactics of Arctic Terns are well-known in Iceland. Stray too close to a colony, and a scene that would seem fit for Alfred Hitchcock's 'The Birds' tends to play out. As one, all the nesting birds will rise into the air, and unless you make a sharp exit from their eggs and young, they will proceed to swoop upon your head, talons ...

Peterson Field Guides(R) - Welcome

These birds grow to about 8.5 inches in length, and come in three color phases: red, brown, and gray. Each phase has the primary color on the back, wings, and sides and back of the head. The chest of each bird has markings of the phase color over white. These birds have small ears, and resemble very small, stout great horned owls.
