Building the average 1,200-square-foot house requires tens of thousands of nails, thousands of board-feet of lumber and well more than a thousand feet of wiring. Every component needs to be specified, purchased, delivered, warehoused and constructed with the aid of workers, tools and heavy equipment. Incidental charges and large invoices must be managed as inventory is built up and drawn down ...

The shocking, definitive account of the 2020 election and the first year of the Biden presidency by two New York Times reporters, exposing the deep fissures within both parties as the country approaches a political breaking point. This is the authoritative account of an eighteen-month crisis in American democracy that will be seared into the country's political memory for decades to come.
