### TYPE-CERTIFICATE DATA SHEET

For take-off and flight planning pilots require the actual gross weight and the centre of gravity of an aircraft. A so called Weight and Balance System (WBS) has been certified in 1993 for all AIRBUS A330/A340 aircraft types. It is an on-board system which measures Gross Weight (GW) and Centre of Gravity (CG) on-ground and displays these values in real-time in the cockpit.
