DXing is the hobby of receiving and identifying distant radio or television signals, or making two-way radio contact with distant stations in amateur radio, citizens' band radio or other two-way radio communications.Many DXers also attempt to obtain written verifications of reception or contact, sometimes referred to as "QSLs" or "veries".The name of the hobby comes from DX, telegraphic ...

DXing - Wikipedia

AM PEP. Assuming linear, perfectly symmetrical, 100% modulation of a carrier, PEP output of an AM transmitter is four times its carrier PEP; in other words, a typical modern 100-watt amateur transceiver is usually rated for no more than, and often less than, 25 watts carrier output when operating in AM. PEP vs. average power. PEP is equal to steady carrier power, or radiotelegraph dot or dash ...
