1. Introduction. Obtaining a consensual and testable definition of a concept is useful to be able to make inferences regarding how the concept is related to other concepts, and subsequently develop useful applications (e.g., policy, services offered []).Unfortunately "addiction" is a concept that has been the subject of much debate [2-9]. ...

Considering the Definition of Addiction - PMC

Social constructionism is a theory in sociology, social ontology, and communication theory which proposes that there are certain kinds of facts which, rather than depending on physical reality, instead depend on the shared ways of thinking about and representing the world that groups of people develop collaboratively.The theory centers on the notion that meanings are developed in coordination ...
