The recent uptick in insurance claims in the commercial airline world and in general aviation have  
caused a tightening of the aviation insurance market. As a result, many of my clients are seeing an  
increase in insurance premiums, limitations on conditions previously granted, and in some cases  
are unable to obtain the amount of liability ...

Corporate aviation meets businesses' needs that make use of personal air transportation rather than depending on commercial carriers when it comes to business travel. Others call corporate aviation business aviation, which allows business individuals to travel as required with no inconvenience of trips scheduling around the schedules involving commercial carrier flight schedules.
