Doing Cultural Anthropology Projects For

Cultural anthropology is a branch of anthropology focused on the study of cultural variation among humans. It is in contrast to social anthropology, which perceives cultural variation as a subset of a posited anthropological constant. The portmanteau term sociocultural anthropology includes both cultural and social anthropology traditions.

Cultural anthropology - Wikipedia

The second approach in cultural anthropology, descended from French structuralism and symbolic anthropology, is interpretive anthropology or intepretivism. This perspective, championed by Clifford Geertz (1926-2006), says that understanding culture is first and foremost about learning what people think about, their ideas, and the symbols and ...
