E300 Series Electric Scooter - Support - Razor

I also bought a used electric scooter E300 from Razor but found this manual kick scooter is more useful when it comes to a short commute. eScooter is too heavy to casualy load/unload to and from the car trunk. For my 10 min walk, it would add good 2-3 mins just to load/unload and wait for the elevators up and own the parking structure, albeit ...

The FA20D engine had an aluminium alloy cylinder head with chain-driven double overhead camshafts. The four valves per cylinder – two intake and two exhaust – were actuated by roller rocker arms which had built-in needle bearings that reduced the friction that occurred between the camshafts and the roller rocker arms (which actuated the valves).
