Indian Thought And Its Development

In this volume, Albert Schweitzer describes the history and development of Indian thought about the world and ethics. He presents a story of an uneasy co-existence in Indian thought of world and life affirmation alongside of world and life negation. While both have been present from the beginning of Indian religious thinking, world affirmation has in recent centuries been fueled by a natural desire for ethical action in the world, and has eclipsed the previously dominant and more ...

Indian Thought and Its Development (Book) : Schweitzer, Albert

Indian Thought and Its Development (Book) | Chicago Public ...

Early travelers to the Indus valley, beginning with the Greeks and Persians, spoke of its inhabitants as "Hindu" (Greek: 'indoi), and, in the 16th century, residents of India themselves began very slowly to employ the term to distinguish themselves from the Turks. Gradually the distinction became primarily religious rather than ethnic, geographic, or cultural.
