Teacher Practices that Impact Reading Motivation | Reading ...

Definition. Motivation is commonly defined as what explains why people or animals initiate, continue or terminate a certain behavior at a particular time. Motivational states come in various degrees of strength. The higher the degree, the more likely it is that the state has an influence on behavior. This is often linked to forces acting from within the agent that result in goal-directed ...

would probably look for ways to relax, such as meditating or reading a book. According to this theory, we are motivated to maintain an optimal level of arousal, although this level can vary based on the individual or the situation.

What Motivation Theory Can Tell Us About Human Behavior

Motivation is also increasingly viewed as an emergent phenomenon, meaning it can develop over time and change as a result of one's experiences with learning and other circumstances. Research suggests, for example, that aspects of the learning environment can both trigger and sustain a student's curiosity and interest in ways that support motivation and learning (Hidi and Renninger, 2006).
