### Papers On Physician Assisted Suicide

Proponents of euthanasia and physician-assisted suicide (PAS) contend that terminally ill people should have the right to end their suffering with a quick, dignified, and compassionate death. They argue that the right to die is protected by the same constitutional safeguards that guarantee such rights as marriage, procreation, and the refusal or termination of life-saving medical treatment.

For some, physician participation in assisted suicide and euthanasia raises similar concerns to physician participation in capital punishment: whatever an individual physician's personal beliefs about the practice, to act as a physician in a way that contributes to a person's death would violate one's professional responsibilities.

### **Chapter 5 - The Ethical Debate**

When the 2001 resolution was passed, the topic was known as "assisted suicide." Today, providers prefer the term "assisted dying" to reflect the distinction between suicide and the process of hastening death to alleviate pain and suffering. Still, the specter of depression and suicide hangs over public opinion of assisted dying.
