### Society for the Psychology of Women (Division 35)

Feminine psychology is an approach that focuses on social, economic, and political issues confronting women all throughout their lives. It can be considered a reaction to male-dominated theories such as Sigmund Freud's view of female sexuality. The groundbreaking works of Karen Horney argued that male realities cannot describe female psychology or define their gender because they are not informed by girls' or women's experiences. Theorists therefore claimed this new approach was required, and th

### Feminine psychology - Wikipedia

Psychology of Women Quarterly ( PWQ) is a feminist, scientific, peer-reviewed journal that publishes empirical research, critical reviews and theoretical articles that advance a field of inquiry, teaching briefs, and invited book reviews related to the psychology of women and gender. All women are different, but most likely, we want the same things you do: to feel appreciated and safe with someone who makes our life happier and simpler.

### Understanding The Female Psychology, As Explained By A Woman

Female psychology is that of yin, male psychology is that of yang. Men and women compliment one another, with their energies, their efforts, and their strengths. I think 99% of miscommunications in relationships stem from this fact. Men are direct, women are indirect. Men are logical, women are emotional.
