A mattress is a large, usually rectangular pad for supporting a lying person. It is designed to be used as a bed, or on a bed frame as part of a bed. Mattresses may consist of a quilted or similarly fastened case, usually of heavy cloth, containing materials such as hair, straw, cotton, foam rubber, or a framework of metal springs. Mattresses may also be filled with air or water.

Mattress - Wikipedia

An ebook (short for electronic book), also known as an e-book or eBook, is a book publication made available in digital form, consisting of text, images, or both, readable on the flat-panel display of computers or other electronic devices. Although sometimes defined as "an electronic version of a printed book", some e-books exist without a printed equivalent.

Ebook - Wikipedia

 The method used to do this is the stiffness matrix method, where a matrix is made for each member, and the totals are summed to make a global stiffness matrix for the truss. Peak and RMS limiters calculation. On truss bridges, a tension member is subject to forces that pull outward at its ends.
