Econometrics Books

Time can be structured in two ways. In one approach time moves forward, second by second, minute by minute, hour by hour in a straight line. This is called sequentialism. In another approach time moves round in cycles: of minutes, hours, days, years. We call this synchronism. People structuring time sequentially tend to do one thing at a time.

The ending "Don't worry, you're a pretty woman now and after your perm, you'll be quite sexy." I giggled. For the next two hours, I just admired my new sister as she got her perm, wash, and set. Sitting under the dryer with all the other women, Suzie fit right in and when she was finished, her hair was gorgeous.
