Family: 7 Reasons Why Family is Important in Life ...

Most family problems emerge when we rebel against God's design—polygamy, adultery, and divorce all cause problems because they deviate from God's original plan. The Bible gives clear instructions about how family members are to treat each other. God's plan is that husbands love their wives in the same way that Christ loves His church ...

What does the Bible say about family problems ...

Family scholars have noted the importance of fictive kin in many people's lives—a phenomenon that is especially important for some racial and ethnic groups, such as African Americans. From a subjective perspective, of course, these individuals are not "fictive." Other people may choose to reject close biological relatives (such as a parent, a ...

What is a family? | National Council on Family Relations

In human society, family (from Latin: familia) is a group of people related either by consanguinity (by recognized birth) or affinity (by marriage or other relationship). The purpose of families is to maintain the well-being of its members and of society. Ideally, families would offer predictability, structure, and safety as members mature and participate in the community.

Family - Wikipedia

Webster's dictionary defines family as "a group consisting of parents and children living together in a household.". This definition is a good starting point when trying to define what family consists of, however there are modern day definitions that redefine what family is today.
